Scope of use

1. Suitable for sealing of big pannel glass, glass skylight, glass fish tank.
2. For Skylights, canopies, atriums & specialty glazing.
3. For sealing of glass glazing and glass joints.
4. Point glass or transparent glass curtain wall assembly.
5. The actual performance will depend on the actual base of material and using method.
6. Please refer to the product technical data sheet for details.

Important notes

1. Use restrictions: total water immersion, such as the aquarium, swimming pool, need to use paint or architectural sealant application; in structural glazing; in contact with bituminous-based material.
2. Avoid contact with skin and eyes, keep out of children's reach; in case of contact with skin or eyes, rinse clean with water immediately, please seek medical assistance if irritation persists.
3. Fully cured sealant is not hazardous.
4. Used in the well-ventilated environment.
5. Store in a dry and shade place, temperature below 27°C.

Application

1. Keep surface clean, dry and free of dust or grease.
2. Cover the surfaces with masking tape if necessary.
3. Rip off the tape before sealant cured.
4. Uncured sealant can be cleaned up by the cloth and solvent.
5. Use back-filling material to avoid three-sided adhesion.
6. The compatibility testing before using is required.
